**Navigators Kenya statement on Corona Virus pandemic**

**18.03.2020**

Dear Partner,

The COVID – 19 pandemic provides unique opportunities for us as a ministry to love and serve others within the social distancing guidelines we have been given by relevant authorities nationally and internationally.

As always Navigators ministry continues to happen in homes, small groups and one-on-one interactions, with the gospel flowing freely through relational networks and into the nations. Our staff continue to advance the gospel in the midst of this pandemic. There are indeed more opportunities to share the reason for the hope that we have (1st Peter 3: 15) as people are not only fearful but also more open to the gospel.

In line with the measures put in place by the Government of Kenya to effectively contain the spread of the virus, the Navigators Kenya office on Kindaruma road will maintain minimal operations, with most of our staff working from home. Conferencing activities and bookshop operations are suspended in the interim until further notice.

The timely call by His Excellency the President for a national day of prayer on 21<sup>st</sup> March 2020 coincides with our World Wide Day of Prayer that had been scheduled for the same day. Our staff across the country will be meeting in small groups of less than ten people and within their family relational networks to pray.

I take this opportunity to personally thank you for your financial partnership that enables us to advance the gospel of Jesus and His Kingdom. In light of the government recommendations to avoid cash transactions, we encourage you to continue supporting the ministry through the cashless modes of giving below.
